Your device should be connected and showing on your computer screen. If you have any questions, feel free to put in a ticket.

The screenshot displays a Windows desktop environment with a blue background. The taskbar at the bottom includes the Start button and icons for Internet Explorer, Google Chrome, VLC media player, and a red 'S' icon. The desktop contains several icons: Libraries, Easy Interactive..., VLC media player, Recycle Bin, Excel 2013, Word 2013, Internet Shortcuts, Google Chrome, Desktops random, Gradebook Login, Internet Explorer, Mozilla Firefox, Application Shortcuts, Disconnect From VMware, and PowerPoint 2013. A window titled 'Kevin's iPhone' is open, mirroring an iPhone screen. The iPhone screen shows a Facebook page for 'Plainedge UFSD School' with 868 likes and a video thumbnail of a school event.
